REILLY AUTUMN

A Novel HarperCollins

This middle-grade biography explores the life and works of Madeleine L'Engle—written by her granddaughters. This elegant and insightful biography of Madeleine L'Engle (1918–2007) was written by her granddaughters, Charlotte Jones Voiklis and Léna Roy. Using never-before-seen archival materials that include photographs, poems, letters, and journal entries from when Madeleine was a child until just after the publication of her classic, *A Wrinkle in Time*, her

granddaughters weave together an in-depth and unique view of the famous writer. It is a story of overcoming obstacles—a lonely childhood, financial insecurity, and countless rejections of her writing—and eventual triumph. *Becoming Madeleine* will speak not only to fans of the icon's work, but also to anyone interested in writing. *False Memory* Disney-Hyperion Shimmering with the incandescence and irresistible magic of the novels of Alice Hoffman, Joanne Harris, and Aimee Bender, Katharina Hagen's smash international bestseller, *The Taste of Apple Seeds*, is a story of love and loss that will captivate your heart. When Iris

unexpectedly inherits her grandmother's house in the country, she also inherits the painful memories that linger there. Should she keep it or sell it? The choice is not easy, for the cottage is a place of enchantment and sensual mystery where currant jam tastes of tears, blue sparks crackle at the touch of fingertips, love makes apple trees bloom—and dark secrets pulsate in the house's nooks and shadows. . . .

A Novel St. Martin's Griffin

Gwyneth Shepherd's sophisticated, beautiful cousin Charlotte has been prepared her entire life for traveling through time. But unexpectedly, it is Gwyneth who in the middle of class takes a sudden spin to a different era! Gwyneth must now unearth the mystery of why her mother would lie about her

birth date to ward off suspicion about her ability, brush up on her history, and work with Gideon—the time traveler from a similarly gifted family that passes the gene through its male line, and whose presence becomes, in time, less insufferable and more essential.

Together, Gwyneth and Gideon journey through time to discover who, in the 18th century and in contemporary London, they can trust. Kerstin Gier's *Ruby Red* is young adult novel full of fantasy and romance.

author Walter Mosley blends philosophy and humor in this thought-provoking exploration of race, sin, and salvation. It is the story of two men—one human and one angel—who have the power to topple heaven. When Tempest Landry was accidentally shot and killed by the police, St. Peter ruled that Tempest's sins condemned him to hell. But Tempest refused to accept damnation, and even heaven can't overrule free will. Unless he goes willingly, the order of heaven and hell will collapse and Satan will reign over the chaos. The celestial authority sends an accounting angel to earth, to convince Tempest that he should sacrifice himself for the good of the world, and casts Tempest's soul into the body of a man who has been convicted of serious crimes. While

Tempest serves out another man's prison sentence, the angel Joshua is living among mankind. He has been stripped of his celestial powers, yet is still tasked with persuading Tempest to make the right choice. As the angel sees the many injustices his friend suffers, he begins to question the morality and rightness of his position.

Braiding Sweetgrass Macmillan
Romance and action come crashing together in Susan Adrian's Tunnel Vision in which a teenage boy with incredible powers is brought to the attention of the government. Jake Lukin just turned 18. He's decent at tennis and Halo, and waiting to hear on his app to Stanford. But he's also being followed by a creep with a gun, and there's a DARPA agent waiting in his bedroom. His secret is blown. When Jake holds a personal object, like a pet rock or a ring, he has the ability to "tunnel" into the owner. He can sense where they are, like a human GPS, and can see, hear, and feel what they do. It's an ability the government would do anything to possess: a perfect surveillance unit who could locate fugitives, spies, or terrorists with a single

touch. Jake promised his dad he'd never tell anyone about his ability. But his dad died two years ago, and Jake slipped. If he doesn't agree to help the government, his mother and sister may be in danger. Suddenly he's juggling high school, tennis tryouts, flirting with Rachel Watkins, and work as a government asset, complete with 24-hour bodyguards. Forced to lie to his friends and family, and then to choose whether to give up everything for their safety, Jake hopes the good he's doing—finding kidnap victims and hostages, and tracking down terrorists—is worth it. But he starts to suspect the good guys may not be so good after all. With Rachel's help, Jake has to try to escape both good guys and bad guys and find a way to live his own

life instead of tunneling through others. [The Other Side of Dark](#) Little, Brown Books for Young Readers

utterly, and totally off-limits. Besides, her dad would kill them both several times over. Not to mention Brody has something of a past, and his fan club is filled with C-cupped models, not smart-mouthed high school "brats" who can run the pants off every player on the team. Annie has enough on her plate without taking their friendship to the next level. The last thing she should be doing is falling in love. But baseball isn't just a game. It's life. And sometimes, it can break your heart...

Never Eighteen Entangled: Teen Fans of Monica Murphy and Tammara

Webber will savor this novel about coming of age in the heat of the moment from Julie Cross, the internationally bestselling author of the *Tempest* trilogy. I used to be “Isabel Jenkins, child prodigy.” As lame as that sounds, at least it was an identity. But now I’m not sure what I am. I just failed the most important exam of my life—the emotional readiness test required to get into a medical residency program—and it turns out my parents can’t stand each other. Now I’m trying to figure out how to pick up the pieces of my life, and that means re-enrolling as a college freshman, but this time I’m shutting the books and majoring in being eighteen. But so far, my roommate hates me and I’m not into the party scene. The only good thing about school has been

getting to know my insanely hot RA. Marshall Collins makes me wonder about everything I missed while I was growing up too fast. Pretty soon we’re hanging out constantly, but for the first time, I find myself wanting more than a no-strings-attached physical relationship. And the lesson I really need is one Marshall definitely can’t teach me: love. Because I’m going to be alone forever if I don’t learn fast.
