Master Class in Watercolor Nicholson Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on The Oprah Winfrey Show to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles, Cesar recounts how he learned what makes dogs tick. In *Cesar's Way*, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through

the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn:

- What your dog really needs may not be what you're giving him
- Why a dog's natural pack instincts are the key to your happy relationship
- How to relate to your dog on a canine level
- There are no "problem breeds," just problem owners
- How to choose a dog who's right for you and your family
- The difference between discipline and punishment
- And much more!

Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.

Tom Loxley, an Indian-Australian professor, is less concerned with finishing his book on Henry James than with finding his dog, who is lost in the Australian bush. Joining his daily hunt is Nelly Zhang, an artist whose husband disappeared mysteriously years before Tom met her. Although Nelly helps him search for his beloved pet, Tom isn't sure if he should trust this new friend. Tom has preoccupations other than his book and Nelly and his missing dog, mainly concerning his mother, who is suffering from the various indignities of old age. He is constantly drawn from the cerebral to the primitive -- by his mother's infirmities, as well as by Nelly's attractions. *The Lost Dog* makes brilliant use of the conventions of suspense and atmosphere while leading us to see anew the ever-present conflicts between our bodies and our minds, the present and the past, the primal and the civilized.

Anyone who lives with and loves dogs knows that they are smart. Really smart. They understand our body language and emotions, can be trained to perform important services, are devoted companions, and enjoy walks, tricks, dog sports or just hangin' out on the couch. So, how "Dog Smart" are you? What do

you know or wish to know about the dog's history, perceptions, understanding of humans, and responses to different training methods? These topics and more come under the scrutiny of the Science Dog in Linda Case's latest myth-busting book. Learn to separate fact from fiction about the relationship between dogs and wolves, whether dominance should be a factor in dog training, what forms of reinforcement work best, and how to apply evidence-based training methods. "Dog Smart" will not only help you to be a better trainer, but will give you the tools for communicating the most current information about dogs to others - including the popular Science Dog character, neighbor Joe (who happens to know a lot about dogs).

A guide to discovering the spiritual agreements between our souls and those of our animal

companions • 2021 Coalition of Visionary Resources Gold Award • Explains how animals have physical or behavioral issues to evolve their souls as well as help our soul's evolution and release past-life karma • Describes what happens energetically and spiritually with animals in the weeks before they transition and during their passing • Includes practical instructions for identifying the different types of animal soul contracts and aligning with them to assist your shared evolutionary journey Animal lovers are extraordinary. Despite awareness that we will probably outlive our beloved pets, we are still drawn, time and time again, to the connection, joy, and unconditional love that come with sharing our lives, homes, and laps with animals. Many of us feel something deeper than just companionship with our animal friends--a heart-to-heart connection felt all the way to the soul level. Revealing the higher purpose and soul mission behind our relationships with our animal companions, Tammy Billups explores the spiritual contracts that are

created when a human bonds with an animal and shows how we come into each other's lives for a reason. Providing real-life examples, Billups explains why animals choose, at the soul level, to have certain perceived negative experiences, such as physical or behavioral issues, to evolve their souls, clear karma, and help our soul's evolution. She shows that human and animal souls orchestrate every experience and interaction that holds potential for transformation and healing, including the final transition. She demonstrates the inner dynamics of the animal-human relationship to help animal lovers understand their soul contracts with their pets. The inspirational, real-life examples of animal-human tandem healings that Billups facilitated identify the soul contracts within each pairing that transformed feelings of grief, loss, abandonment, betrayal, trauma, abuse, and anxiety. The author reveals how animals we have previously loved and shared our lives with come back, either on the spirit level or reincarnated in a new animal form, to support us. Offering peace

and hope to those who've lost beloved animal companions, she describes what she's witnessed during healing sessions with animals in the weeks before they transition and during their passing. Billups also includes practical instructions for identifying different types of animal soul contracts and connecting with and enlisting the help of your light team or spirit guides. By discovering the soul agreements that underlie our animal partnerships, we can find meaning in the issues that arise with our animals and ourselves, support our souls' mutual evolution, and allow the soul contracts to weave their spiritual magic in the animal-human relationship.
